

2021-22 Trustees Award

Scott Shulick

Scott was the lead on the East Property sale and investigation. He put in countless hours of legwork interacting with potential buyers and communicating with the Exec Team and the Board as well as with the Congregation. As a result, even though we could not finalize the sale at this time, we are better off for the future when selling the property becomes feasible again. Additionally, Scott served on the Board of Trustees for three years and was President of the Board.
